ISBN : #0521310385 | Date : 1986-11-28
Description :
PDF-4d319 | In spite of the rapid growth of interest in the computer analysis of language, this book provides an integrated introduction to the field. Inevitably, when many different approaches are still being considered, a straightforward work of synthesis would be neither possible nor practicable. Nevertheless, Ralph Grishman provides a valuable survey of various approaches to the problems of syntax analysi... *Computational Linguistics: An Introduction (Studies in Natural Language Processing)*
