by Lynn Margulis : **Planetary Biology and Microbial Ecology: Biochemistry of Carbon and Early Life**

ISBN : # | Date : 2015-09-15

Description :

PDF-7dc7d | This report summarizes the results of the Planetary Biology and Molecular Ecology's summer program, which was held at the Marine Biological Laboratory in Woods Hole, Massachusetts. The purpose of the interdisciplinary PBME program is to integrate, via lectures and laboratory work, the contributions of university and NASA scientists and student interns. The goals of the program were to examine seve... *Planetary Biology and Microbial Ecology: Biochemistry of Carbon and Early Life*
