Description :

PDF-2d6d5 | Product management has become a critical connective role for modern organizations, from small technology startups to global corporate enterprises. And yet the day-to-day work of product management remains largely misunderstood. In theory, product management is about building products that people love. The real-world practice of product management is often about difficult conversations, practical c... *Product Management in Practice: A Real-World Guide to the Key Connective Role of the 21st Century*
