Description :

PDF-65c1c | Usually, one of the first questions vegans are asked is how they get protein, since animal foods are considered by many to be the ideal protein source--and some people think they are the only foods that contain protein. This book will give you a full understanding of protein, including how much you actually need and how to get more than enough from plant foods. Armed with the information, recipes ... *Protein From Plants: A full nutritional guide to vegan protein + recipes, quick-grab snacks & meal plans*
