by Betsy Beyer : **Site Reliability Engineering: How Google Runs Production Systems**

ISBN : # | Date : 2016-03-23

Description :

PDF-b060f | The overwhelming majority of a software system's lifespan is spent in use, not in design or implementation. So, why does conventional wisdom insist that software engineers focus primarily on the design and development of large-scale computing systems? In this collection of essays and articles, key members of Google's Site Reliability Team explain how and why their commitment to the entire lifec... *Site Reliability Engineering: How Google Runs Production Systems*
